GEOLOGY *Today*

INDEX, Volume 11, 1995

Aalenian basal boundary 227
Abbeville culture 238
Acerocare ecorne 152, 152
acid rain, and late Cretaceous extinctions 56
Aconcagua fold and thrust belt *192*, 192
Aconcagua, Mount *191*
adakite, REE pattern 225
Adam, Mount 218
aerosols, sulphuric acid 95
Africa
  dinosaurs in 56
  Trans-Saharan links 215–16
Afrovenator abakensis 56, *57*
Agassiz, Louis
  concept of the ice age 65
  and the Scottish connection 65–7
Agassiz Rock 65–6
Agathis 48
Agathis microstachya 49
Agathis robusta 49
agglomerate 230
Agnostus 154
Agnostus pisiformis 149
Agnostus pisiformis zone 148, 150
agrichnia 156, 157
Agua de la Zorra 193–4, 195
Agulhas Fracture Zone 219
Ahaggar Mountains 215
Alaska 164
Alban Hills region, rising more rapidly 165
Albstadt, southern Germany *227*, 227
Aleutian Islands, seismic profiling 164
Alexander Agassiz Medal, awarded 43
allochthonous (def.) 222
Alum Shales 147
Alum Shales environment 148, 149
Alum Shales sea floor, and its other inhabitants 154
amber, Cretaceous (UK), first insects in 42
ammonites 24, 45, 162, 172
Ampthill Clay 172
Anak Krakatau volcano (Indonesia) 34, 236
Anatahan volcano (Northern Mariana Islands) 34–5
andesite 230
Andhi Khola valley 186
ANDREWS, P.
  Mount Ruapehu keeps them guessing 210–11
  on the White and Pink Terraces at Lake Rotomahana 89–90
ankerite 105, 106
Annapurna Sanctuary 188, *189*
Annapurnas 186, 188
anoxia
  and Cambrian soft-part preservation 122–3
  in Scandinavian Alum Shales 149
Antarctica *218*
Antler Orogeny 145
Ape Cave 232
Araucaria 48
Araucaria bidwillii 49
Araucaria cunninghamii 49
Araucariacites australis 49
Araucarioides 48
Arborlow Mine, Youlgreave *178*
archaeocyathids 15
archaeologists, as amateur detectives 68
archaeology, and geology 164
Archaeopteryx 25
Arctic Ocean, a floating ice sheet 5
Arctic–Alaska Plate 164
Arenal volcano (Costa Rica) *32*, 32–3, *234*, 234
Argentina
  occurrence of olenids 154
  see also Falkland Islands
ARMSTRONG, M. *see* PEACOCK, D. and ARMSTRONG, M.
Arnside Block 167
Arthurdactylus conan-doylei 204
Arthur's Seat *108*
Arts in the open air (with added geology) 38, *39*
Aschia–Tinamou Formation 215
Aschia–Tinamou region 216
ash clouds 211
Ashburton Marble 185
Aso volcano (Japan) 235
Asteriacites 156
Asteriacites lumbricalis 115, 115
asteroid impacts, man-made! (let.) 142
atlases, on CD-ROM 18–20
Aulichnites 220
Aulocostephanoides eudoxus zone 7
Australia
  oldest fossil footprints 205
  'red crayon' in Nauwalibia I rock shelter 165
  Strelley Belt 214, *215*
  Wollemi Pine 48–9, *49*, *50*
Austrocedrus 217
avalanches 187–8
Axel Heiberg Island 16
Aztec Sandstone 143

badland-type erosion 11
Bajocian basal boundary 227
Balnibarbi 154
Baltica *147*, 147
  polymeroids of 148
Balusan volcano (Philippines) 237
barium 180
barium sulphate *175*
baryte 177, *178*, 180–1
Basal Jurassic boundary (Hettangian Stage) 226
basalt
  columnar 230
  eastern Greenland 16
  flood basalts 16
  olivine 11
  partial melting of 224
basalt melting hypothesis 224
basaltic ocean floor, developing negative buoyancy 224
basement, pre-Carboniferous 178
Bath, are the waters under threat? 205
Bath Stone 103, 182, 184
Bathonian basal boundary 227
Batur volcano (Indonesia) 236
beaches, pink 170
beforsites 106
belemnites 207
Belfast 208
BENNETT, A.F. MP *et al.*
  Paving the way for conservation? 98–100
  reply to letter 141
BENNETT, M. *see* BENNETT, A.F. MP *et al.*
Bering Strait 164
Bezymianny volcano (Kamchatka Peninsula) 34
BIRD, E., *Geology and Scenery of Dorset* (rev.) 118–19
Black Country Limestone Advisory Panel, disbanded 123
'black marble' 123
Black Rock Slates 222
Blackbrook Dam, Leicestershire *133*, 162
Blake Ridge, venting of gases 133–4
Blisworth Limestone 209–10
blockfields *219*, 222
Blue Anchor to Lilstock Coast SSSI 226, 227
Bodmin Moor granite 102
Bollin Mudstone Formation 47
Bollin Valley, Grade A RIGS site threatened 47
Bolton Fell, Cumbria 52
Books 39–40, 79–80, 118–20, 157–9, 199–200, 237–8
Boötes void, dim galaxies revealed 85
bottled water 206
  Chess Valley 53
  House of Commons 3
boulder clay *94*
BOULTER, M., The Evolution House at Kew Gardens 168–9
boundary stratotypes 226
brachiopods 154
Brackenthwaite 167
Branch Line 38, *39*, 159–60, 238–40
breccia
  carbonate 187
  Exmore breccia 54
  impact, shock generated 17
Brent Spar - the hidden agenda 127
Briefing 2–6, 42–6, 82–6, 122–7, 162–6, 202–7
Bristol City Museum, and the Westbury pliosaur 6–7
BRISTOW, C., A short walk in the Himalayas 186–90
British Association for the Advancement of Science, 1994 meeting
  absence of geology programme reviewer (let.) 20
  Section C (Geology) programme (let.) 20–1
British Geological Survey (BGS) 85–6
  Discovering Geology series - *Ammonites* 162
  The Geology of Cardigan Bay and the Bristol Channel 86
  geology of UK oil 85–6
  Holiday Geology Guides 173, 203
  research into Earth Science-related information for development 123
  updating of maps 85
brittle–ductile transition, deep continental drilling project (KTB) 45
BROOKS, M., on Section C (Geology) programmes, British Association for the Advancement of Science meetings (let.) 20–1
BROWNE, T., site protection in Cheshire 47

Building Stones of St Canice's Cathedral: an Introduction to the building stones of the Kilkenny Region, D. Tietzsch-Tyler 123
buildings
  earthquake-resistant, search for 37–8
  new, Marsham Street, London 129, 176(let.)
Bulgaria, white limestone from 159
Burgess Shale 123
The Burren, Ireland, limestone pavement 99
burrow systems, modern 157
burrows
  burrow fill 114
  mensicate 114, *115*
BUTLER, T., We are geologists (let.) 142
Byers' Hole fossil site (National Trust),

Abbreviations: def., definition; Ed(s), Editor(s); Let., letter; rev., review; Figures and Tables are given in italics; B after a page number refers to material in a box.

destroyed by vandalism 125

Cabo Mondego, Portugal *227*, 227
cabook 171
calcareous concretions (orsten) 147, 149, 151
calcite 177, *178*, 181
caldera ballooning 14–15
calderas 131
Callovian boundary stratotype 227
Calvados coast, beach trafficability of 60
Calvados plateau 60, *61*
Cambrian 147
archaeocyathid reefs 16
lagerstätten 122–3
Sweden 147–9, *148*
Canada
gas hydrates in permafrost 215
Sudbury impact structure 17
Sudbury in three dimensions 204
Canlaon volcano, (Philippines) 35
Cann, Joe, elected Fellow of the Royal Society 83
Cape Folds 218, 219, 220
Cape Province, similarities to Falkland Islands 217
Cape Supergroup 218
Cappadocia – Bryce Canyon with knobs on 11–12
carbonates, on Mars 202
carbonatite, Ol Doinyo Lengai 96
Carboniferous Limestone 8–9, 103, 169, 178
CARPENTER, S., Discovery of a Wiltshire pliosaur 6–7
Carrara marble 101, *102*, 102, *103*, 159–60, 207, 209
